Stevie, Kevin,  
I didn't send any notifications because I couldn't find COCs on the FTP site. But the attached spreadsheet should be suitable for sending to all the lab contacts. It doesn't give the # samples, but has the # of coolers and airbill info.

Hello-  
Attached is a summary of coolers shipped from Sample Management on the Dimock Residential Groundwater site. Another email to follow after the COCs have been loaded to the FTP site.

Thanks,
